Beautiful
This product worked wonders on my mother

She was operated and the wound was refusing to heal, the doctor called me and told me all manner of things, the situation became worse to an extent that she stopped going to the hospital to dress the wound 🙌

I called my good friend OZED and got some MIIRA CELL and sent to my mother and asked her to take twice in a day.

Before she could finish 7 sachets in the first RED BOX the wound healed and dried up completely

My testimony oooo just now God I am so happy. My friend's father has fluid in his brain and after series of medications no headway surgery was the last option. She saw my post on my WhatsApp status and asked me about our product I told her. They decided to give it a try. She just chatted me now that the Mira has finished ooo I told her to get another pack. I asked after her father and decided to speak with him on phone. My friend was so shocked that everything I asked the father on phone he was responding. I asked him Daddy do you know who is talking he said yes. The daughter said before now he doesn't recognize anyone and he doesn't talk when asked questions. Thank you Jesus for directing my feet to this wonderful business. Let's continue to save lives, heal the world and make moneyyyyyyy

right.

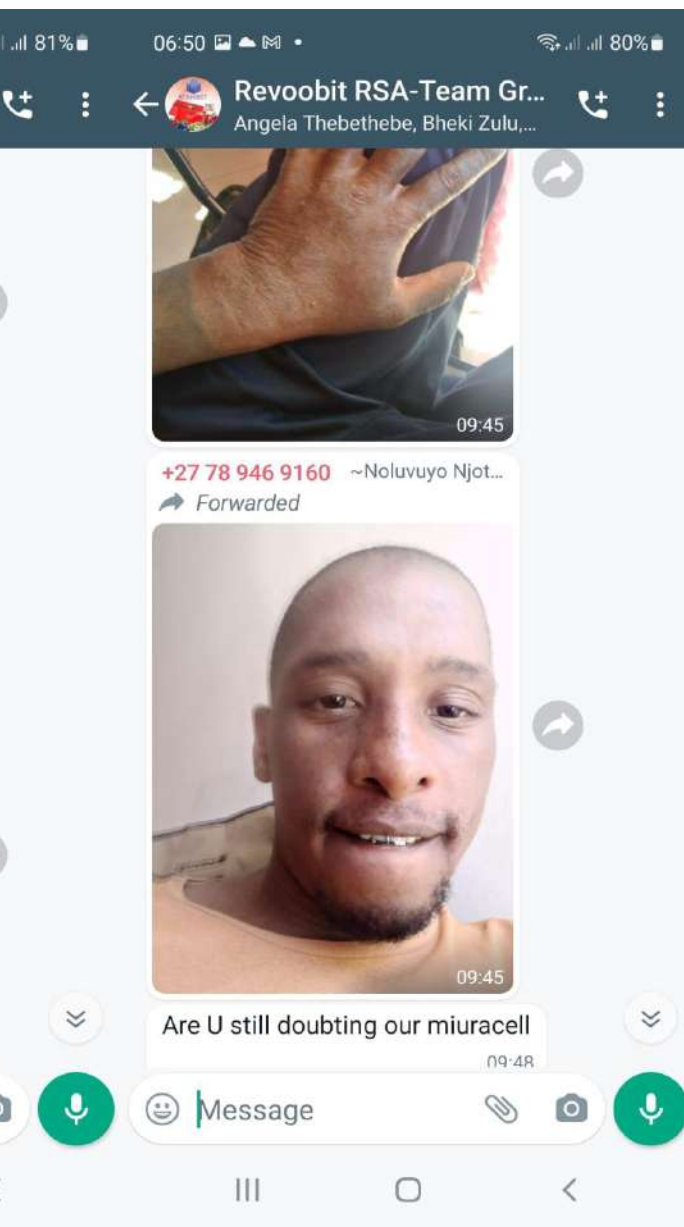

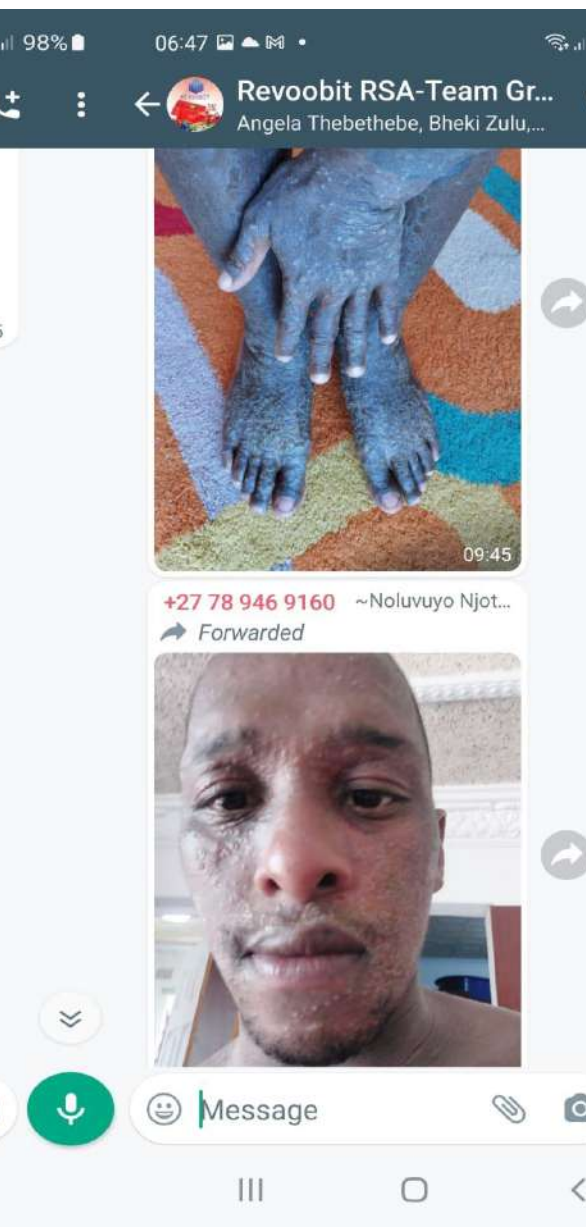

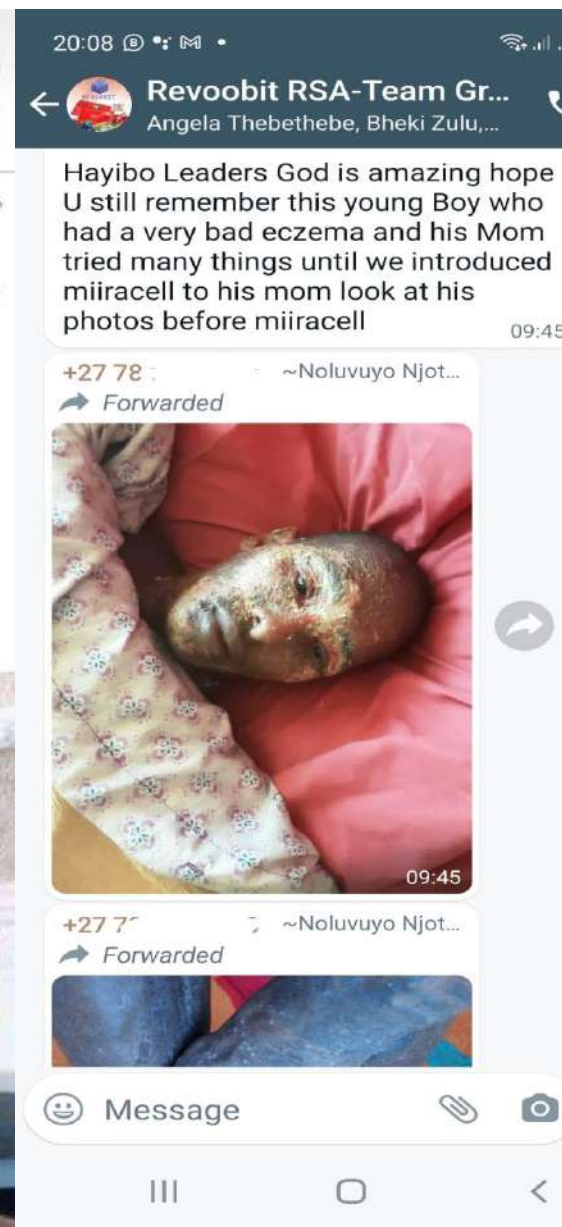

A friend of mine, she has been married for 3yrs now but having fertility issue. And she has been sad about it, when I told her about the product and the testimonies I asked her to give it a try.

She was even doubtful 😊. I gave her assurance with my full chest 🗣️🗣️.

She got a box, my dear friend is pregnant oh after 3yrs of feeling sad. Mira cell has done it again oh. She was having a hot womb, she told me today... Mira cell to the world. 🐓🐓

Good afternoon.
I would like to share a
testimony. My wife has had acute
constipation for many years. She
would sometimes stay for as
long as two weeks without bowel
movement. We had tried all
manner of treatment without
improvement or relief. She even
dreaded eating. Life was
unbearable for her. Often we
prayed for a miracle.
After taking Miira Cell for 4 days
she noticed that her bowels
opened up and she is now
okay. She also sleeps much
better than before.
Her appetite is now restored. It is
now day 12 since she started
taking Miira Cell and can't wait to
share more testimonies.
We didn't share this testimony
before as we were waiting to see
whether it was really Miira Cell.
We thank God for answering our
prayers. Indeed it's a miracle.

I gave Mirra cell to my elder sister suffering from diabetes and hypertension, after like a week and few days, her sugar level has dropped to normal, the blood pressure is also normal, she is so excited because she is now been energized, and has started doing things she has not been doing for a very long time. Thank God for Mirra cell.

My Mom has been bed ridden for years now.

Earlier this year she fell into partial stroke. let me reserve the story for another day, her hand that she couldn't hold anything with and has been having pains is now free. before she couldn't stand up on her own without the support of the wall or someone, but yesterday she told me that she's very strong inside and she stands up at once. Just a box of mira cell oh. Imagine after taking boxes. What Mira cell cannot do doesn't exist 🦄🦄

On Saturday last week, I went with the husband of a woman down with kidney problem. I met her very restless and gasping for breath. All medications given to her by doctor was not helping the matter. They were giving up hope on life. The husband attended one of my seminars on Revoobit. I gave them a pack of MIIRACELL and supervised the initial administration. The husband called me few minutes ago that she's picked up and has started eating seriously. To God be all the glory, Miiracell plus is working miraculously.

By the special grace of God,I have treated two women breast cancer with Miracel plus. The first patient was preparing for surgical cut off of the two breasts on her chest when they brought her to my office. I thank God,she was the first person to be healed from this sickness by the encounter with Miracel plus. Today the two breasts are there without any problem. This happened in osun state Nigeria.That took place in early August 2020.

To the glory of God,I received a call from Abia state Nigeria with a similar problem,just few weeks back,she was referred to me by another person in Ghana who saw my testimony videnon Facebook, she is gradually responding to healing now,she is on her second packet of Miracel plus, thanking God for the healing.Miracel plus is so magnificent, perfect and its efficacy can never be undervalued.

Boooóooooom testimony oooo. My TeamFavour is always coming in with boooom testimony. She told me that she visited their Village and discovered that one of her relative daughter was suffering from epilepsy and the crisis occurs twice or three times in a week. She asked whether Miira Cell can take care of that, I reluctantly told her to give it a trial. Ladies and gentlemen, the mother of the girl called her to register her in Revoobit. That since that day she started taking Mirra Cell+ till now, she has never had any crisis again. 🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌🙌

Good morning everyone, I want to share my experience using mirra cell on a patient, this product indeed is working,
Last week, precisely on the 28th of April 2021, my neighbor told me that her mum is in the hospital due to diabetis and its complications, she has already developed sore on the right foot not having sensation on the toes, fever, vomiting and all that, I told her this, instead of spending much money in the hospital and at the end they,LL cut off the leg, why not bring her home and try mirra cell. She accepted
On the 30th April 2021, they left the hospital and she started the mirra cell that same day.
After 24hrs, the fever and vomiting she came out from the hospital has disappeared, today is the fourth day of using mirra cell, the blood sugar has gone down, the sensation on the foot has returned, the sore is looking brighter, mama has really improved. Thanks to God for mirra cell.

My two sons were diagnosed with thalassemia. The elder one is Donald and the younger one is Benjamin... Donald is 12 years old now and Benjamin is 5 years old. I have been visiting hospital for 11 years now for their frequent blood transfusion after every 14 -21 days. It was a norm to me and my two boys.... Now thanks to Mirra-cell and Benjamin is here after he completed 2 boxes of Mirra-cell. A total changes and it's 3 months now he haven't visited hospital for his transfusion. He is doing well now without any signs and symptoms of thalassemia. Donald is still continuing his Mirra-cell and we are believing for a complete recovery... We thank God for Mirra-cell. Now we always visit hospital after 50-55 days for Donald.

TESTIMONY!
My husband has been suffering from glaucoma for over 30yrs. All these while he had been on different eye drops and other medications. Even it got to a point that it seems he no longer see with one of his eye. I had never seem him read or write without eye glasses. But yesterday being 20th of October, 2020 I was shocked when I saw him filling a form he collected from the church without wearing his glasses. When I asked him what is happening, his reply was simply "In fact that your miiracell+ is really working. He is on his 2nd pckt though he said he started seeing improvement when he was taking the 1st pckt. But what I saw yesterday made me really believed him. Revoobit miiracell+ is indeed a God sent in desperate situations. 😊😊"
